F. A. Hough went to Phoenix yesterday afternoon, leaving there early this morning on his eastern tour. He will go direct to Elkhart, Indiana, over the northern route. As he started some days ago, he will make a tour of various eastern states, visiting all important cities and dairy farms, observing methods of handling milk and its products, of raising and feeding and caring for cattle, and the best dairy breeds. He will bring out a number of the best of cattle which he finds to be the most profitable in the dairy business. The experience gained by his trip will be of great value to the stock raisers and dairymen throughout Arizona.

Dr. Drane and his sister, Miss Susie Drane, of Mesa, passed through here yesterday on their way to "Old Mazourey," where they will spend several weeks visiting old friends and relatives. B. E. Mease has received a very large shipment of stationery. He is now prepared to supply you with anything in the stationery line, and almost in any quantity.

There is a little water left in Tempe for Tuesday evening some rain out into the street near the Andre block and flooded that side of the road up to McKim's drug store. Honest!

Captain Andre has lost a bunch of keys, about fifteen in number. Please return them to him.

Mr. Dowdle returned from his southern trip yesterday morning.

Hyder Bros. are having a new counter put into their store. The work is being done by carpenter Buck Conroy and will be very pretty when finished.

Considerable fruit has been shipped already this year in spite of all the dry weather, and more is following every day. Yesterday's 2 o'clock train carried over 200 crates of cantaloupes, 100 crates of grapes and 40 crates of tomatoes, and this was a light shipment. Arizona muskmelons get their name up last year and the demand this year exceeds the supply, in spite of the increased acreage.

Here is another example of the results of advertising. Some few days ago a lady stopped. The Republican's Tempe carrier on the way to Phoenix and told him she had lost a buggy robe and asked him to advertise for it. The advertisement was inserted as per request, and behold! the carrier found it the next morning before daylight on his return trip.

Mr. Trussler, one of Tempe's prosperous ranchers, left last night for the east. His destination is Illinois, where he will renew old acquaintances and tell them how much colder it is in Salt River valley. He will visit Colorado on his return trip to cool off a little.

Summer complaint is usually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of every family. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer-time—Lansing, Iowa, Journal. For sale by Elvey & Hulet.
